New for 2010

- As part of Emerald's commitment to highlighting the impact of research, authors will, from this volume, be able to flag up implications for research, practice **and/or society**. Our structured abstracts format aims to pinpoint further for the reader the utility of the research in question.
- Graphics supplied in colour will be reproduced in colour to enhance their appearance in the online version of the article. The hard copy will continue to be reproduced in black and white.
